BRIDGE ADULT SERVICE CENTRE NEWSLETTER

Sandra Taylor

Sandra Taylor works in the Laundry Department at the Bridge. She is 50 years old and has been working here for 31 years. She used to work in the Contract Department doing wires in the old building. She also has a work placement at Centennial Villa and at Pet Value. She loves her jobs and the people she works with and she is a great folder. When she is not at work she enjoys spending time with her cat Cupcake and watching television. Sandra is a hard worker and has a good heart.

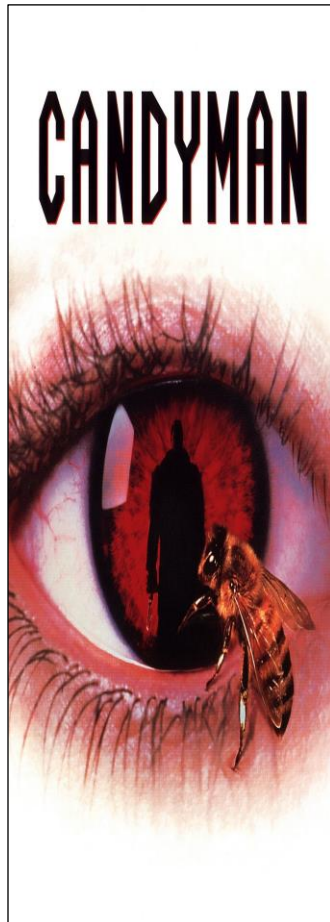

MOVIE REVIEW

Today's movie review is about my favorite horror movie Clive Barker's Candyman. It is about a college student writing about an urban legend about the Candyman so if you say his name 5 times in a mirror he will appear in a black trench coat and a hook in one hand.

I would recommend that everyone watch this movie
